

VICINITY MAP

A vicinity map of the study area in Ohio, showing the locations of the four study sites (yellow, green, blue, and red) relative to major roads and the coastline. The map is oriented with the coastline to the west. The yellow site is located in the northwest corner, the green site is in the north-central area, the blue site is in the central area, and the red site is in the south-central area. Major roads are shown as black lines, and the coastline is shown as a jagged line on the west side.
